I'm investigating the changes in the Domestic Violence Module over time, and was wondering if there was an other way of getting all the Questions for the all of the Countries. I'm furthermore looking at Questions on IPV outside of the the DV Module.

So far I have been using this list

<https://dhsprogram.com/methodology/survey-search.cfm?sendsearch=1&selmodules=6&crt=1&listgrp=2> to manually copy the Questions from the final reports.
Maybe someone has solved a similar issue using code?

Regards

Gerrit
