619 in the women's module uses the term 'prostitute'. The term is also used in the men's module. This term is stigmatizing and out of date. Suggest changing it to sex worker to better align with international norms and UNAIDS recommended terminology:

The Office of the U.S. Global AIDS Coordinator agrees with the suggested change in language to "sex worker."

On behalf of the Key Populations team at USAID Office of HIV/AIDS, I would like to support the change requested to remove the stigmatizing "prostitute" language.
